

The talk by Ursula Wingate is online here: <https://polyu.ap.panopto.com/Panopto/Pages/Viewer.aspx?id=d71aac71-2b6c-4556-8093-b13901456377>

Tools that Ursula mentioned include:

<https://copilot.microsoft.com/>

<https://gemini.google.com/> (not supported in HK)

<https://www.scribbr.com/> - "proofreading and editing, plagiarism checker, citation generator"

<https://elicit.com/> - "Analyze research papers at superhuman speed"

<https://inciteful.xyz/> - "Tools to help you accelerate your research"

Another that you might want to try is:

<https://www.perplexity.ai/> "Where knowledge begins" (combining Google with GenAI)
